## HELP US GROW OUR IMPACT

We receive grant requests that far outweigh our available dollars to grant each year.

In 2020, there were 32 eligible grant applications requesting \$300,000 and we granted 16 nonprofits \$95,000.

Community Grants have supported:

- \* Equipment purchases to improve accessibility for impaired individuals attending local performing art venues and events.
- \* Repairs to critically deteriorated homes in Winona County.
- \* Access to art at little to no-cost.
- \* Amenities for a multi-purpose recreational trail.
- \* Expansion of low-cost and nutritious meals for seniors.
- \* School supplies and clothing for low-income Winona County families.
- \* Access to legal services for immigrants and refugees.
- \* Nonprofits who lost revenue due to required closures because of the pandemic.
